The Dimmer VIEW

BY MAX GOODWIN

We continue to hear stories about our former employee Dick Henderson, a beloved man who died last year at the ripe old age of 77. This story is from Pearl, his widow.

It was Dick's habit to drive Pearl to her daily task at the San Diego Art Gallery but because front-seat drivers and the resultant conversation annoyed him, he insisted that all passengers sit in the back... including his wife. Habitually, she would get in the car first each morning with an armload of books and utter not a peep until she was discharged at her place of employment.

Just a few weeks before he died Dick got into his big, old Packard as usual and headed for the art gallery. He didn't notice that Pearl had been delayed in the house and failed to get in too. She called to him as he left the

Wayne Hoy Named Button Chairman For Area

Wayne Hoy, Lemon Grove attorney, has been named Lemon Grove and Spring Valley chairman for the "Retain Ronald Button State Treasurer."

Treasurer Button, who was in Lemon Grove two weeks ago, said that Attorney Hoy's acceptance committee was particularly pleasing because he (Button) was a practicing attorney and businessman in Los Angeles prior to his appointment as State Treasurer 18 months ago.

At the same time Button announced that Hoy was to be chairman locally, he reported an increase of \$4,400,000 in returns on investments of Treasury funds and reserves during the past nine months.

The Fair will feature the latest in scientific study and development from the viewpoint of boys and girls aged six through fourteen. Over 100 displays of student projects will be exhibited. Those visiting the Fair will not only be informing themselves of what is being taught in the field of science in the elementary schools but will be encouraging students to pursue further study in later years in science and related areas.

'VALUE DAYS' TO BE MARKED NEXT WEEK

There's going to be a new look among Lemon Grove shoppers next week and the look will be one of happiness.

Next week is when one of the quarterly promotions of the Lemon Grove Boosters Club gets under way.

According to Earl Neson, chairman of the Boosters, more than 50 local merchants have banded together to dish up a bargain-packed "Value Days" event.

Local merchants started gearing up for the event many weeks ago. Following the philosophy laid down by President Eisenhower that business doldrums exist only where the citizenry is allowing it to exist, the Boosters gathered all the resources they could muster to make the May 1, 2 and 3 event a success.

A special Boosters edition of this newspaper will be published next week and extra copies will be circulated at the fringes of the community.

Life Sentence Meted In S.V. Slaying

A Spring Valley Woman, Mrs. Thelma Dufford, 41, who shot her sleeping husband to death as he slept at his home at 4621 Bancroft Drive February 1 pleaded guilty of first degree murder Tuesday. She was sentenced to life imprisonment by Superior Court Judge Hewicker.

Mrs. Dufford fired a single shot from a .22 revolver into her sleeping husband's heart. Her husband, Laverne Ellis Dufford, 43, died instantly. In a statement to sheriff's deputies, Mrs. Dufford said the shooting climaxed 17 years of quarreling which started when the couple wed.

Dufford, a building inspector's deputy for National City, was Mrs. Dufford's second husband. She was married the first time at the age of 14. That marriage ended in divorce. The Duffords have a son, 16.

In entering her plea of guilty through her attorney Howard Muhleman, Mrs. Dufford abandoned an earlier plea of insanity. The plea interrupted a jury trial which started Monday. Mrs. Dufford will be sent to Corona Institution for Women this week.

John Anderson Succumbs at 93

John A. Anderson, 93, of 1765 El Roy Drive died April 17. He was born in Sweden and worked as a Master Mariner for more than 65 years. At the age of 81 he was still a ship's captain, at that time being captain of the St. John Episcopal Hospital ship in New York harbor.

He died of complications which arose after he fell and broke his hip recently.

He is survived by his wife Esther and two children: Mrs. Ed Martin and John G. Anderson, both of Lemon Grove.

Says It's A Country Sedan That's Being Given by C of C

The Chamber of Commerce committee for raising funds to cover the cost of bringing about an election on incorporation said this week that the station wagon to be given away on or before Memorial Day was actually a Country Sedan, not the less expensive Ranch Wagon as it was listed here last week.

Anyone can become the owner of the vehicle... If he is lucky. A contribution toward the expense of bringing incorporation to an election makes the contributor eligible. Contributions are accepted in multiples of \$10.

All members of the chamber of commerce board and nearly all business firms will take the con-

tribution and give a receipt. Only one thousand such contributions will be accepted. The persons getting the auto may have choice of colors and practically all the "extras" available such as automatic steering and transmission, white tires, radio, heater and the like.

Some of the places where contributions may be made are at the Lemon Grove Tire Co., at 7319 Broadway; The Morrison-Adams Jewelry Shop, at 7919 Broadway; and Bob York's Broadway Barber Shop, at 7916 Broadway.

Gladys Kranch, chamber secretary said that she is in the process of sending receipts to all who requested same.

Gunman Hits \$1,300 Jack-in-the-Box Jackpot

A gunman wearing a grotesque mask robbed the Lemon Grove Jack-in-the-Box, 8020 Broadway, of \$1,446.10 Sunday night at 11:15 p.m.

The robber, described by Larry E. Mis, 21 of 3622 1/2 El Cajon Blvd. as being about 25 to 30 years of age, stockily built weighing 140-150 pounds and being five four or five in height, walked in the back door while Mis was reading a week-end report of receipts to his employer Jay L. White 6880 Alrosa Avenue.

Mis, and another employee, Robert L. Schreiner, 18, of 1917 Fern Street, were ordered into a walk-in freezer. The robber then collected two 5"x8" brown envelopes with Jack-in-the-Box printed across the face. One envelope contained \$480, the other contained \$371. From a shelf near the register he took a First National Bank Book containing \$100 and a green bank bag with the First National's name on it. The bag contained \$42 change and \$58 currency. From another shelf in the restaurant he took \$398.

White said he heard the bandit who had a deep voice say "you guys get back here." The two employees said they went into the freezer as ordered as the bandit brandished a .32 or .38 calibre

Airport Asks Into Sewer District

SAN DIEGO (CNS)—Annexation of the La Presa Air Service area to the Spring Valley Sanitation District got the green light from Supervisors at their Tuesday meeting.

They took the action on the recommendation of the Department of Public Works. Annexation proceedings are to be initiated at once. The public works report said some sewers in the area are to be put in by the subdivider in a private contract. However, the report continued, other sewer lines will be installed by a 1911 improvement act, so conflicts between the two systems will be worked out by the department and the subdivider.

Two condemnation actions were also approved by Supervisors as directors of the sanitation district. One suit is to be filed for land for a trunk line sewer and the other for an easement for sewer lines. Defendants, respectively will be M. Butler and Aedelia L. Phillips.

Grossmont High School District Budget Exceeds \$3 1/2 Millions

The Board of Trustees of the Grossmont Union High School District approved a preliminary budget report by Associate Superintendent Harold G. Hughes at a recent meeting. The budget was prepared on the basis of an estimated average daily attendance of 9,200 as compared to 7,900 during the current year.

The budget called for current expense total of \$3,665,000 for 1958-59 or a per pupil cost of \$307 compared to \$3,204,000 or a per pupil cost of \$405 for the current year. Capital outlay estimates were reduced \$126,000 because no new school is being equipped during the next year. The preliminary estimate indicated an increase in the tax rate from \$1.13 to \$1.25. The board also approved a schedule for increased counselling and clerical personnel proportionate to the enrollment of the individual high school, extra instructional materials for the gifted program and replacement of seating in the Grossmont auditorium. The latter will be financed from bond funds.

The board also approved a report showing desirable district services but took no definite action on increase in district administrative services. District Superintendent Lewis F. Smith recommended the addition of an assistant superintendent for curricular services in the 1959-60 school year. Reason for postponement of the curricular services was predicted on a desire to hold administrative costs per pupil at the existing level of \$15.91 which is approximately \$3.00 per pupil

State Farm Insurance

Goes 'Anti-Recession'

State Farm Mutual Automobile
Insurance Company is joining
nine thousand banks in an anti-
recession measure aimed at
boosting sales of new and used
cars. Half a million dollars will
be spent by State Farm Mutual
to stimulate care sales through
a program developed by the com-
pany and cooperating banks
throughout the nation, according
to Adial H. Rust, president. Local
agents of the company, George
Sempel and Jim Boyd, said that
branches of the First National
Bank in this area are cooperat-
ing in this program.

To describe the "bank plan" to
U. S. consumers, a heavy adver-
tising campaign in newspapers,
magazines and over network tele-
vision is planned. The plan will
ease financial arrangements for
prospective buyers and can re-
duce the net cost of an automo-
bile by \$75 to as much as \$300.

**FARM BUREAU AII-OUT

Directors of the San Diego

adopted a resolution asking the
University of California to "go

ods of rural fly control.

A committee of University
Scientists has been organized for
several years to study fly con-
trol, the resolution pointed out.

Mrs. Danner, 85 Succumbs In S.V.

Mrs. Orlena Danner, 85, a resident of Spring Valley for about 14 years, died suddenly at the home of her son Lloyd, 3024 South Bonita Drive, Sunday night. She had been bedfast for over two years. She was born in Indiana.

Conrad Mortuary of Lemon Grove, making the arrangements, sent the body to Carthage, Missouri, where services will be held this week with burial to follow.

Mrs. Danner's survivors include a brother in Iriquois, Illinois; two daughters, Mrs. Lura Cunningham of La Mesa and Mrs. Marie Gorman, Carthage, Mo.; two sons, Lloyd Danner and Kenneth Danner, both of Spring Valley; 17 grandchildren and 28 great grandchildren. One grandson is J. C. Danner, president of the Spring Valley Chamber of Commerce.

Vaught Winner In National Competition

A Lemon Grove businessman won national recognition last week when Bob Vaught, owner of the Lemon Grove Camera, 7848 Broadway, trotted off with a \$1585 prize from the Sylvania Photo Lamp Division of Sylvania Products.

Vaught won one of the 100 national awards for his suggestion that Sylvania Photo Lamps list on the cartons of their flash bulbs the cameras adaptable to that specific bulb.

He was the only winner in the entire county and one of four winners in the south half of the state.

Award was made by Marty Blasnek, district manager for Craig Corp., distributor of Sylvania Products.

Vaught lives at 1502 Koe Street in Lemon Grove.

driveway but Dick failed to hear her. She expected him to notice that the back seat was vacant somewhere along the line, perhaps at a traffic signal. But he didn't... not until he got to the art gallery. Meanwhile Pearl called the gallery and told them she would be late and explained why. When Dick saw the back seat vacant he went inside to say goodbye. The receptionist said "Pearl is home."

Dick snapped, "How the H... did she get there so quick?"

Forty-five years ago a little fat boy astride a work pony rode up to Mason's Feed and Supply Company which was at the time located in National City. It later became one of Lemon Grove's first industries.

Little fat boy, then about nine or ten years old was applying for the job of rounding up a corral of mules which Milton Mason wanted put aboard a Santa Fe freight train for shipment. The job paid good, too... 50c an hour. The lad had heard about the job through Mason's son, Channing. The boy, little David Bird got the job.

Last week, when some of us asked County Supervisor to consider a good replacement on the Lemon Grove Local Fire District's Board of Trustees for a vacancy soon to occur, the name of Channing Mason came up and all were in agreement that a better choice than Mason could not be made.

Mason's name gave Bird cause for recalling the incident of boyhood playmates. He said that he was anxious to get the job because Mason had a reputation for immediate pay, which was part of a good reputation he had when he died.

It made two points, I thought. A man's reputation has small roots that run pretty far down the age scale. This is as true today as it was a half century ago. Too many of us blame moral cracks in our community on everyone else, forgetting that it is the mature folk who are setting the standards as much as any.

The other point, naturally, is that the tempus sure does fugit!

My seven-year-old son is becoming frustrated and I don't blame this on the school system.

He's all mixed up because he used to respond to a command after being told only twice. Now he's torn between making a decision on whether to do it after being told three times... or sweating it out to four.

North Park Business Club Presents Program Here For Boosters

The Lemon Grove Boosters Club heard Dr. Douglas McElfresh and Roy Starr, representatives of the North Park Business Club tell how they arranged business promotions.

The two men said that North Park business promotional problems and worries are no different than those anywhere else.

"You may worry about the College-Grove shopping center opening under your noses. We worry about the May Company development," Starr said.

Dr. McElfresh said that most of the work in the North Park organization is done by a "small handful of workers... probably in the same proportion as it is done in Lemon Grove."

Local merchants are gearing up for a promotion in May according to Earl Nelson, Boosters president.

Tax Man Off To Honolulu

A. E. "Bob" Howell, insurance man, realtor and tax consultant at 3455 Imperial Avenue left for Hawaii immediately after income tax deadline. He and Mrs. Howell flew to Honolulu where they will stay for most of the month.

The couple will return home March 28.

Howell is president of the San Diego Horsemen's Association as well as the County Civic Association.

SHIRLEE SMITH

HOME ECONOMIST OF THE SAN DIEGO GAS & ELECTRIC COMPANY SUGGESTS:

Foods that are a delight to the sight as well as the palate will be sure to win compliments from your family and guests. And you'll find it fun to add that extra touch that can mean so much. For, here's your chance to express yourself, as does the writer, artist, or composer. It will contribute excitement and adventure to what may have seemed to be the chore of cooking.

You'll discover some of the secrets of meal preparation artistry at the next in the "Better Living... Automatically" programs to be presented next Tuesday in the auditorium of San Diego Gas & Electric Company's Eastern District Office at 104 North Johnson Street, El Cajon. "Picture Pretty Party Foods" will be the topic for discussion from 1:30 to 3:30 p.m.

The meal I'll prepare will include such savory, picturesque foods as Sashimi—a fish appetizer of Japanese origin, potato chip-topped hot chicken salad, attractively garnished rotisserie-cooked ham, stuffed artichoke cups, asparagus bundles, mint-flavored chocolate cream tarts, lattice topped rhubarb and orange pie, and party pinwheels—jelly-rolled biscuits spread with cheese, ham, marmalade surprises.

In addition I'll give you some interesting cake decorating hints. I'll show you how to make paper-cone decorators and how to use a tube in designing rosettes, buds, lilies of the valley and pansies. And I'll illustrate the way to add that final touch to the occasion cake with a tube-written "Happy Birthday" or "Happy Anniversary".

So, why not mark your calendar as a reminder of this food fun program. I'll be looking forward to meeting with you next Tuesday.

LOCAL GROUPS ARE ASSISTING in a recent survey on student work-experience sponsored by Grossmont High School District. Study will help determine policies in development of an already existing program in the four high schools of the district. Mrs. Kathleen Metty, left, of the Santee Chamber of Commerce and Mrs. John Dail, Mt. Miguel P-TA study the survey on the student work-experience program held by M. Fred Tidwell, Grossmont High School work-experience coordinator. John R. Reynolds, Alpine Chamber of Commerce and Ernest Newton, Lemon Grove Chamber of Commerce look on.

CARNATIONS

Carnation plants should be cut back earlier in the season than this but new carnations can be successfully planted right now. Carnations should have excellent drainage and they should not be planted too deep. A good rule to go by is to always have the ball above the surface of the ground.

The blossoms are very tender and you must be careful about the spray material that you apply to them. A non-oil emulsion containing free nicotine, available for very tender plants such as orchids and maiden-hair fern, is an excellent thing to use on carnations. Later in the season, there are pyrethrum products that will not injure the foliage and will be sufficiently effective to destroy the worms which sometimes appear with the warm weather.

When the plants reach a height of 18 inches, they may need to be staked, especially if the growth is heavy. I always use a slender bamboo stake for carnations. And I never do overhead watering after the buds are formed.

LETTERS TO THE EDITOR

Dear Editor:

Another Heart Fund Campaign has been completed and we would be remiss if we didn't let you know how much we appreciate the fine cooperation and support

God's Minute

Poor is he who cannot spend a minute in the shadow of his Lord

REV. BAKKEN

FAMILY WORSHIP

This is often referred to as "Family Altar." It is the practice of the family gathering once a day for the reading of God's Word and prayer. This can be carried out in any manner and at any time which best suits the entire family. Family Worship ties the entire family to God. Home ties will be stronger. When the children go out into the world, they will remember mother and dad who were not too busy to give God a place in every day.

L.G. Lutheran Church Message

you and your staff provided.

Our relations with you have always been so enjoyable throughout the year, and it is most difficult to express our thanks adequately.

The fight against this dread disease must go on and our progress would be greatly impeded without the full cooperation of all publicity media. Since we consider the educational value of our annual Heart Fund Campaign to be of equal value to the fund-raising itself, thank a million for your help.

Gratefully yours,
O. Martin Avison,
Executive Director

BANK DISPERSES \$178,000 AMONG LOCAL INVESTORS

First National Trust and Savings Bank of San Diego reports a regular quarterly dividend of 37½ cents a share on common stock May 1 to shareholders of record April 18. More than \$178,000 will be distributed among the 1,300 shareholders, according to Jack Koop, manager of the Lemon Grove Branch of the bank, located at 3285 Imperial Avenue.

Auto Dealers Start 'Auto Buy' Campaign Here

San Diego County's more than 100 new and used car dealers began the final "count-down" today for Thursday's "blast-off" of their gigantic "You Auto Buy Now" push.

This industry-wide campaign is fundamentally different from the "buy-now" programs of the Midwest, which got their start in Ashtabula, Ohio, according to word from the San Diego Motor Car Dealers Association.

"San Diego's economy is great, and there are too many good things in the immediate future for us to sing the blues," said Association President Earle R. Severin, Sr. "Those of us fortunate enough to live in this rapidly growing metropolitan area should realize that San Diego is actually in a period of economic 'boom,' Severin said.

Co-Chairman of San Diego's "You Auto Buy Now" program, which starts today and runs through May 4th, point to the successes in Cleveland, Dallas, Detroit and San Francisco as proof that their campaign will be an outstanding success.

Jim Spears, local Ford dealer at 7220 Broadway, estimated that the auto industry, including manufacturers and dealers, the gasoline companies and tire dealers are spending roughly \$200,000 on the campaign. "We're sincere in our hope that the buying stimulated by our 'You Auto Buy Now' program will spread to other industries and retail outlets," Spears said.

Jay Grill and Lou Kornick, who head the campaign's Executive Committee, firmly insist this is not just a gimmick to sell cars. "The idea is to 'keep San Diego going, and growing,' and there is absolutely no rhyme nor reason for any pessimism or gloom here," they said.

"But, when you hear people talking about recession you know they are thinking about recession," Kornick said. "And, the longer this kind of thinking and talking goes on, the greater the danger that recession fever will get to some of us, even here in lush San Diego town."

"Somebody over to the east of us was really thinking straight when he said, recession begins and ends in the minds of men," Kornick concluded.

"We don't even think the way they do in Los Angeles," Grill pointed out. "The lead paragraphs in their opening story read, 'want to help snap the country out of its economic doldrums? Then 'You Auto Buy Now.' We don't have any economic doldrums here in San Diego, but we do believe that President Eisenhower hit the nail on the head when he said: 'Buy, buy, buy,' continued Grill. "Our campaign centers around the theme 'You Auto Buy Now,' which naturally means a car. But we are all agreed that this campaign will encourage the people of San Diego County to buy something. Our committee, and the Motor Car Dealers who are sponsoring this drive want to urge everyone to buy anything they need and want, but for some reason have put off buying," Grill concluded.

Ivor de Kirby, Chairman of the Horseless Carriage and new car parade Committee, estimates there will be some 300 gaily decorated autos participating in San Diego County's longest and largest parade.

The parade will assemble in the Civic Center parking lot at 9:45 a.m., and will depart at 10:00 a.m., proceeding east on "C" Street to 16th, back on Broadway to 9th; up 9th Street to Ash, west on Ash to 5th, up 5th Street to University Avenue, east on University to 40th Street, west on El Cajon to Park Boulevard and disbanding at the San Diego Zoo parking lot.

Gun Course Set For Hunters

A new "Hunters' Safety Course" is scheduled to start April 29 and continue April 30, May 6 and other dates which will be announced at the first meeting. The classes will be held in the Gun Clubhouse and range at Gillespie Field, 6:30 to 8:30 p.m. Part of the lessons will be on the range.

The first night's class will be signing up and safety rules. The second night there will be two films shown: "Deer Unlimited" and "Trigger-Happy Harry," both shown thru the courtesy of the California Fish and Game Commission.

Any youngster in the area interested in firearms and especially those under 16 years of age who have never had a hunter's license, are especially urged to attend. Parents are also urged to be there.

Those wishing to take the course must be present the first night. There will be no students taken in during the series of classes. There will be a charge of 50 cents for the course. For that fee you will receive your lessons, a book on hunters' safety and a shoulder patch showing you have graduated from the class.

Instructors will be Pappy Graves of San Diego and Johnny Gramoy of Spring Valley. Both men have been teaching hunters' safety in the area for the past four years, and have graduated hundreds of students. For further information call Pappy Graves at CY 6-6535 or Johnny Gramoy at HO 9-2025.
